

Consent Form

Investigating the risk factors and impact of ovine Johne's disease on UK farms

Virbac Animal Health Ltd, University of Liverpool & Hybu Cig Cymru

Please initial box

1. I confirm that I have read and have understood the relevant information sheet for the above study, or it has been read to me. I have had the opportunity to consider the information, ask questions and have had these answered satisfactorily.
2. I consent that biological samples collected from my sheep and/or cattle may be used in other research projects.
3. I understand that my participation is voluntary and that I am free to stop taking part and can withdraw from the study without giving any reason and without my rights being affected. After the data has been anonymised, it will not be possible to link it back to the individual participants so withdrawal of data after that point will not be possible.
4. I understand that the information I provide will be held securely and in line with data protection requirements at the University of Liverpool until it is fully anonymised and then may be shared and used by other authorised researchers to support other research in the future.
5. I agree to take part in the above study
6. I would like to be sent a copy of the research results
