Get Rewarded with the EP Scheme!

The EP Rewards Pack – Applying for EP Rewards

The EP Rewards Pack is your comprehensive guide, providing information on all the EP rewards available for this summer!

If you have earned enough points on your MyFolio profile, we will email you an application form on the 16th March 2021. You must complete this application form by the 30th March 2021 (23:59).

The application form will ask you to explain why you are applying for each reward and please note, we will use the answers you provide to shortlist you for an interview. This information will be shared with the EP sponsor offering the prize and they may decide not to interview you if there is insufficient information. With this in mind, we highly recommend you proof read your application and check for spelling and grammatical mistakes. Please also carefully check the criteria for each reward before applying.

If you are shortlisted for an interview, you will receive an email invite by the end of April – please check your emails during this time. Due to the ongoing COVID-19 pandemic, it is highly likely that your interview will be hosted via video (e.g. Zoom or Microsoft Teams).

Important Information:

- **You can apply for as many rewards as you like** – in fact, we recommend that you apply for **at least four rewards!** As a part of this, you will be asked to rank your preferences.
- You cannot apply for rewards if you do not have enough points.
- You can only apply for **three EP internships** per academic year, although you will only be interviewed for one.
- For 50 points, you can enter a raffle to win a University hoody and/or associated merchandise. Due to the current situation, the past prize, VR01 - £10 Amazon voucher will not be available this academic year.
- You are *strongly encouraged* to apply for at least one ‘non-work’ based reward (e.g. company experience, skills workshop, etc.) This does not need to be your first choice reward.
- If you **fail to attend an interview**, without 48 hours’ notice, we will **redeem 50 points from your points total**.
- If you do not attend your reward without 48 hours’ notice or misbehave whilst undertaking it, **we will redeem *double* the number of points**.
- If you are invited to attend an interview, you must dress appropriately (even if it is a video interview). It is very important that you complete prior research on the company.
- Please check the criteria before applying for any position. **Not all positions include travel expenses**, please read each opportunity carefully.
- We cannot guarantee all students will be rewarded, although we will do our best to ensure you are offered at least one relevant reward.

COVID-19 and the delivery of rewards

Understandably, the ongoing COVID-19 pandemic has provided a number of employers with unpredictable scenarios. **As a result, there is the possibility that some rewards may be cancelled, delayed or amended at short notice.** The EP team will work closely with you and the sponsor to limit the impact of this, where possible.

Some EP rewards will be undertaken remotely due to the COVID-19 pandemic, whereas other sponsors have confirmed this will be available as a back-up option, if location-based work is not viable. This information can be found throughout the Rewards Pack.

Additional Notes

- Please note that all dates are subject to change and that some companies may be flexible on dates required for the right candidate.
- The University of Kent and the Employability Points team accept no responsibility for the cancellation of placements due to sponsor commitments.
- Sponsors and the EP team reserve the right to cancel placements due to unacceptable behaviour on the part of the student.
- If required, it is **your responsibility** to arrange accommodation to allow for the completion of an EP reward.
- If you are offered an internship or project placement, please ensure an employment contract is established between you and the company. If you are concerned about this, please contact the team.

EU and International Students

The United Kingdom departure from the European Union in 2021 has impacted on the way EU students can undertake EP rewards. **Please note**, if you are an **EU student who arrived in the UK before 1st January 2021, you are eligible to apply to the [EU Settlement Scheme](#)**. This will mean you are not required to obtain a visa and can work freely. You have until the 30th June 2021 to apply.

If you are an **EU student who arrived in the UK from the 1st January 2021, you are required to adhere to Tier 4 Visa restrictions** (see below).

If you are studying at the University of Kent on a Tier 3 visa, you **must not** work over 10/20 hours (paid or unpaid) during your term time. If you need clarification on your availability to work, please speak to Kent Union's Advice Centre.

For paid internships, it is your responsibility to ensure you have a National Insurance number. For more information, see [here](#).

If you are studying a postgraduate degree whilst on a Tier 4 visa, please note some EP rewards can be completed from September onwards. This will be identifiable throughout the Rewards Pack.

The EP Scheme looks to ensure that all EP rewards are available to all students, but unfortunately some are restricted based on nationality. In these instances, the restrictions mirror the employer's recruitment policy.

Postgraduate Students

If you are a postgraduate student and unable to commit to undertaking an internship or work experience placement in the June-September period due to academic and/or visa restrictions, please note, a number of these rewards can be completed September-November. This will be identified throughout the Rewards Pack.

Travel Expenses

For work experience placements, and some work shadowing placements, the sponsoring company *may* provide the reward winner with assistance with travel costs (to a certain extent). If the company is providing assistance with the cost of travel, this will be identified for each reward in the relevant section of the Rewards Pack.

If travel costs are not available directly from the sponsoring company, you *may* be able to claim a bursary payment from the Careers and Employability Service. To be eligible to apply, you must be a student at the University of Kent studying in the UK and funds are only available for *unpaid* work experience/shadowing and 1-day insight days (including company experiences). Please note, the allocation of funds is not guaranteed: funding is limited and is allocated on a 'first come, first served' basis, following the completion of the bursary application and claims process. It is essential that all expenses are supported by receipts. Therefore, the payment, if applicable, will only be provided following the conclusion of your work experience placement.

The full Terms and Conditions and application form can be viewed [here](#). For more information regarding the Work and Opportunities Fund, please contact the Careers and Employability Service via careerhelp@kent.ac.uk

Divisional Recommendations

As you go through the Rewards Pack, look out for the recommendations for your academic division. You are not limited to apply for these but they provide a general indication if the reward relates to your academic studies.

Privacy Notice

If you wish to apply for EP rewards, the EP team may need to send some of your data to respective EP sponsors. This may include:

- Your name
- Your University of Kent email address
- Your stage of study
- Your telephone number
- Your home and/or term address
- Your course of study and/or academic school
- Information relating to whether you are studying on a Tier 4 visa
- Information on whether you have applied for the EU Settlement Scheme.
- Your nationality

This information will only be used to arrange interviews (if being arranged directly between you and the sponsor), coordinate the commencement of rewards, arrange employment contracts, undertake right to work checks, references (if required), security checks (for specific rewards, which are identified in the Rewards Pack) and to coordinate off-site experience days.

This information will not be used for any further purpose.

This information will be held by the Employability Points team, part of the Careers and Employability Service, until the completion of all EP rewards (June 2022 or sooner). Once the data is shared with an EP sponsor, this information will be held in accordance with their respective privacy notice.

If you have any questions, please contact the Employability Points team via employabilitypoints@kent.ac.uk

You can view our Privacy Notice [here](#).

For further information about how student data is used at Kent please see the [Student Enrolment Privacy Notice](#).

The Graduate Attributes

The University of Kent and Kent Union have created a set of Graduate Attributes, which you can develop through engaging with both the curriculum and co-curricular activities.

Developing the attributes will support both your employability and future career prospects.

The seven attributes are:

- Confidence
- Creativity and Innovation
- Critical Reflection
- Global and Culture Awareness
- Integrity and Accountability
- Intellectual Curiosity
- Resilience

Through completing EP rewards this summer, you will work towards developing these attributes.

For more information on the Graduate Attributes, please see [here](#).

Opportunities Explained

Internship (redeem 200 points)

Internships are temporary work placements within a company. They pay minimum wage, or above, and will take between 4 weeks and 3 months over the summer vacation period.

Project Placement (redeem 175 points)

Project placements are positions working on a particular project, which may have a flexible start/end date and will require a certain amount of expertise. Some projects are to be undertaken remotely.

Work Experience (Short-term internships) Placement (redeem 150 points)

Work experience placements are short-term unpaid internships, usually lasting between 2-3 weeks. Students will be expected to undertake work on their own initiative, but will be under the supervision of a mentor. Please check individual rewards in regards to whether travel costs are covered.

Training (redeem 125 points)

A number of companies offer in-house or external training and development of their staff, and in some cases may even provide training as an external consultant for other companies. These courses are extremely valuable for students.

Work Shadowing Placement (redeem 100 points)

Work shadowing placements would allow students to 'buddy' existing employees within the company to find out what a 'day in the life of...' is really like. In many instances, this is a chance to shadow a senior member of the sponsoring company!

Mock Assessment Centre (redeem 75 points)

The chance to attend a mock assessment centre, providing students with an insight into the real thing.

Company Experience (redeem 75 points)

A unique experience day, which can involve tours, networking lunches and more!

Skills Development (redeem 50 Points)

Skills development sessions are run by company representatives who have expertise in a particular area or skill-base.

Employability Session (redeem 50 points)

This gives students the opportunity to get some valuable career advice and guidance into their chosen field, whilst also having the opportunity to gain CV feedback.

Case Studies

'The internship has been hugely beneficial to me, personally and for my career development. As someone who wants to go onto work in public service, the experience has been invaluable in seeing the relations between public servants and politicians and the amount of work that goes on behind the scenes. I love that I have been given responsibility with my own project to work on and I have been able to develop in a very supportive environment.'

"The team are so welcoming and helpful. I am constantly reassured that there is no such thing as a stupid question and I was immediately made to feel at home here.'

'It has given me an opportunity to connect with an employer who has been able to use and develop my very specific skill set.'

Case Studies

"In a nutshell, my overall experience with the ADEY Innovation Ltd was exceptional and beyond my expectation of how the real world of working as a lab scientist looks like. All I can say to other students is to strive hard and use their employability reward wisely."

"I have been able to apply my academic skills to real life situations including design, research and planning projects...whilst I have also gained an insight into the world of social care. [The internship] has been both fascinating and eye opening and I would recommend this experience to anyone from any academic background."

"I have been writing for both the Reflect Digital website and clients' websites. I looked at key SEO terminology and how we can make this more understandable for clients as well as undertaking proofreading tasks. I have enjoyed the pressure of being paid to write for different audiences and have found the whole experience a huge learning curve."

Case Studies

"Daniel is inquisitive, interested and engaged...the placement has provided Daniel with opportunities to develop knowledge and an understanding of banking terminology. We make sure that this reward is both enjoyable, useful and allows students to achieve what they need."

"The role has allowed me to gain confidence and required me to take the initiative with each day being different...from the work I have done, I now know what it is like to be an archivist, but more so, from watching Claire [Archive and Collections Care Officer] I've seen how the role can be varied and interesting."

"This is a hard industry to get into, and Tom has taught me a lot already, particularly on the business side, which is good as I did a creative degree and so hadn't experienced this kind of thing before. I have loved getting real-life experience of a business environment."

Case Studies

"The best defense relies on a deep understanding of the country's needs and its strategic positioning within the context of global challenges and threats, with a long-term focus and a multilateral perspective. I am glad to work with Martin at Dstl to enhance the exchange of best practices across countries and sectors, and develop a comprehensive approach to understand problems and find effective solutions."

"They were so supportive and continually checked that I was doing okay. They were so friendly, I really felt like I could ask anything. I am so grateful to have been chosen for this placement!"

"It's very interesting archiving these tiny pieces of history. It's nice to have been given this responsibility, I have been working quite independently but can ask for help if I need it. I feel like I'm really getting ahead of the game by having the opportunity to volunteer here. I would definitely recommend this erward to others!"

Case Studies

"The experience I have had with Brett has been very interesting and given me an opportunity to witness how different forms of law operate – giving me some food for thought in terms of my future legal career!"

"[I was given] a hands-on experience as to what is expected of fast streamers in the Department of International Trade on a daily basis. Whilst at first this was a little challenging, Abi had provided me with a detailed outline of what was expected and was there if I ever needed help. The work was gathering feedback on the Australia and New Zealand free trade agreements with the EU."

"I don't think the work shadowing experience could have gone any better...Being able to sit through meetings which involved confidential information, demonstrated the amount of access I would have when work shadowing a Chief Executive of a council. Seeing how these meetings were chaired, its format, and observing negotiating techniques, gave me insight which I will use in my eventual career. Throughout, I gained access to contacts in local government, meeting these individuals and understanding their roles in the team was extremely enjoyable."
